WILLIAMSBURG. A Memorial Window-Personal and General Notes.

WILLIAMSBURG, VA., November 24.-(Special.)-The vestry of Bruton Episcopal church, at a called meeting yesterday evening, decided unanimously to grant permission to Mr. Arthur Denmead to put in a handsome memorial window to his deceased wife in the east end of the church. Mr. Denmead is now in Baltimore and will, no doubt, see to the matter at once. The design represents the Ascension. The vestry

ordered some extension. The vestry also ordered some extensive repairs to the exterior of the rectory.

THE POLITICS IN IT.

REMOVAL TO PETERSBURG OF THE INTERNAL-REVENUE OFFICE.

PUBLIC INTEREST NOT REGARDED.

Republican Control of Next House of Representatives, However, Carefully Considered - Contests , for County Judgeships.

WASHINGTON, D. C., November 24 .-(Special.)-The protest of the Richmond Chamber of Commerce against the removal of the revenue office from Richmond to Petersburg has been received at the Treasury Department, and has been referred by the Secretary, without comment, to the Commissioner of Internal Revenue. Speaking of the matter today, Deputy-Commissioner Wilson, in absence of Commissioner Forman, said he had no idea that the order of removal would be revoked. It was directed by Secretary Gage after full consultation with Commissioner Forman, and the order, he thinks, may be accepted as final. His own judgment in the matter, the Deputy Commissioner says, was against removal, but it was decided between the Secretary and the Commissioner without reference to his opinion.

In other words, it is plain that the best interests of the government have not been considered in making the removal, and apart from the personal convenience to the Collector, it will be seen later that it has important political significance. Collector Brady is attorney for Thorp in his contest for Mr. Epes's seat in this Congress, and the removal of the internal-revenue office to the Petersburg District is an important con-sideration in the next congressional election, when the Republican party will need every available vote to maintain its ascendency in the House of Representa-It will be found later that the removal of the revenue office to Petersburg has just this significance. It is manifestly Deputy-Commissioner son's opinion that the government will suffer materially by the change. THE NEXT SPEAKER.

The meeting of the Virginia Legisla-

ture next Wednesday is the subject much interesting speculation by vis ng Virginians. It seems to be conceded that Captain J. F. Ryan, the pres-ent Speaker of the House of Delegates, will be re-elected. It is claimed that he has a clear majority of the delegates pledged to him, and he speaks confi-dently of his re-election. He expects to reach Richmond Monday evening. COUNTY JUDGESHIPS.

There is abundant promise of a spirited contest over the election of coun-ty judges in the northern section of the State. The gossip goes that in Fauquier county Judge Spilman will be succeeded by Mr. Charles M. White, chairman of the Democratic County Executive Com-mittee. The Delegates from Fauquier are instructed to vote for Mr. White. In Fairfax and Alexandria a lively contest is on between Judge James M. Lane (incumbent) and Colonel Lewis Barley, member of the House of Delegates from Alexandria county, with the guessing largely in favor of Judge Lane, despite the fact of his appointment by Governor O'Ferrall.

The race in Loudoun is close between Judge R. H. Tebbs, the incumbent, and Mr. Charles P. Janney. In this county an effort was made to decide the contest by a primary election, but Judge Tebbs's opposition defeated the proposition, and this, it is claimed, has caused some reaction against him in the county.

If the other counties in the State are in line with those named, the Legislature will have its hands full.

JUDGE PAUL AT THE WHITE HOUSE. Judge Paul called at the White House, by appointment to-day, and had a long conference with the President, The conference had no political significance, he said later, but the impression is that the Hughes's early retirement from the bench has been seriously mentioned here for some time, but it has been impossible to trace the report to any authentia

the event of his retirement, Judge Waddill, of Richmond, it is confidently asserted, will succeed him. This is agree-able, it is understood, to both the Attorney-General and the President.

NEWPORT NEWS.

Beet-Sugar Factory Movement-Bonded Warehouse to Be Opened.

NEWPORT NEWS, VA., November 24.-(Special.)-At last night's meeting of the Business-Men's Association, several important topics were discussed, among them being that of the establishment in this city of a factory for the manufacture of sugar from beets. It is understood that northern capitalists have signified their willingness to build a sugar factory and refinery in Newport News if they are assured that the farmers will produce a certain quantity of beets, and, in order to ascertain whether the farmers are willing to plant a certain acreage, a convention of agriculturists has been called to convene in this city Wednesday December 15th. Among the speakers who will be invited to attend the convention State-Commissioner-of-Agriculture Colonel Thomas Whitehead, Colonel A. S. Buford, and Mr. O. K. Lapham, of Staunton, Va., president of the Interstate Sugar Company. It is believed that the

convention will be attended by the repre entative farmers in this and adjoining counties. this city to erect an opera-house, but as yet neither has assumed tangible shape, for the reason that a suitable site has

The order authorizing the establishment of the warehouse at this port has been received at the custom-house and it is thought that one of the Chesapeake and Ohio warehouses will be selected as a place for storing dutiable The action of the Treasury Department was prompted by the request of American firms which are engaged in manufacturing bicycle tubing from hollow charcoal steel billets, which are imported from Stockholm, Sweden. The American manufacturing firms are un able to secure their consignments of steel billets in winter time, owing to the fact that the Baltic Sea is not navigable, and the material cannot be brought away in ships except in the spring and summer. Hence, it accumulates in large quantities. and a place is needed to store the steel till it is needed by the consignees.

ALEXANDRIA.

More Telephone Connections-Frank Cunningham Sings.

ALEXANDRIA, VA., November 24 .-(Special.)-Alexandria is to have another telephone company, the City Council at its meeting last night having granted the petition of the American Telephone and Telegraph Company to run its wires over certain streets and alleys of the city. This will make the third line of telephone here, and will give increased facilities for long-distance communica-tion. The Bell and Home companies have already a wide service in Alexan-

dria city and county.

Captain Frank Cunningham, of Richmond, sang last night before a large and delighted audience at the fair and bazaar now being held at the Royal-Street Armory for the benefit of the Ann Lee-Memorial Hall. CAROLINA'S CAPITAL. The Railway Commission Muddle-Parties Tangled Up-A Lively Campaign Predicted-Personal Notes-Interesting Letters. RALEIGH, N. C., November 24 .- (Spe-

cial.)-In the Supreme Court to-day, A. C. Avery, of counsel for L. C. Caldwell, who is Governor Russell's appointee as chairman of the Railway Commission, made a motion to advance the case on the docket. Caldwell won the case in the court below, yet took the remarkable step of himself docketing it in the Supreme Court. Robert O. Burton, of counsel for James W. Wilson, whom Caldwell seeks to oust as chairman, said this morning that the question was raised whether Caldwell, the winner of the suit, had a right to bring an appeal vember 10, 1897 (Bulletin 5400) so as to at this term, when the defendant, Wilstate an increase in distance of half a son, has a right to bring it to the next son, has a right to bring it to the next term, if he thinks proper. Speaker Hileman, who wants to be

congressman from the Seventh District, went home yesterday, after surveying the political field three days. He says he finds all three of the parties badly tangled. He declined to say whether he thought the Populists would again fuse with the Republicans, and declared they were "waiting to see whether the Democratic State Committee was going to do the fool thing." When asked what he meant by this, he said, "allow them-selves to be dominated by the gold-bugs." He made the boast of his belief that the "Populists can whip the Demo-crats," but declined to say whether he thought the former have gained or lost strength since the last campaign. He knows very well that the losses have

been very great, and that only a small force is now left.

The loading of the "rolling exposition" car is in progress here, under the su-pervision of T. K. Bruner. The horticultural exhibit, specially prepared by Herbert Brimley, is superb, and the agricultural exhibit is the pick of all the fairs held this year in the State, Not many articles will be taken from the State Museum, Mr. Bruner says-in fact, only duplicates or triplicates. Raleigh will, no doubt, be the next place in the State to have a paid fire department. For years its volunteer department has had a deservedly high reputation, yet there are many reasons for having a paid department, although it will be more costly. The murder case of John Groves here

promises to become a notable one. He killed a man near Wake Forest. The point is whether after conviction of the crime of murder in the first degree he can again be tried for that crime. Rev. Dr. Rumple, of Salisbury, conducted the services at the funeral of Rev. Dr. Smith, of Greenshoro', yester-

There are to be no further indictments of delinquent tax-payers in the State until the test case made up by consent in Johnston county is settled by the Supreme Court.

RAILWAYS.

Of the seventy-one railways and branches in this State, fifteen are in the Southern system, fourteen in the Atlan tic-Coast Line, twelve in the Seaboard Air-Line, and thirty are miscellaneous. The road with least mileage in the State is the Danville and Western, which has only three-quarters of a mile; the long-est, the Cape Fear and Yadkin Valley, with 331 miles; the next longest, the Carolina Central, with 264 miles.

Great fires are raging in the mountains

in McDowell, Mitchell, and Yancey counties, where no rain has fallen in a month and the vast slopes of Black mountain, the loftiest peak east of the Rockies, are

literally swept by fire.

In the arrangement of documents now in progress in the office of the State Auditor, all the letters are grouped according to years. Those from men prominen in the War of the Revolution have been specially arranged in a group. There are autograph letters from George Washing-ton, Thomas Jefferson, Brevard, Abner Nash, Harrington, Jethro Sumner, Gates, Jo. Martin, Blount, Cabille, Hewes, Rowan, and many others. There is a letter from Cosmo di Medici, who was in the State military service. The North Carolinians in the war returns made his name Cosimo de Medeachey, and so it appears in the printed lists. The report of the Labor Commissioner will show that there are twenty-two

electric-light companies in the State, eight telephone companies, thirteen telephone exchanges, and seven electric street railways. Governor Russell has respited John

having a front of 258 feet on the north
line of Cary street, and embracing the
whole front, from Twenty-first to Twenty-second street, and having thereon, in
addition to a fully equipped stove plant,
a large brick warehouse, formerly known
as "G. F. Watson's Factory," and a
large one-story building, which could, at
a comparatively small expense, be made
suitable for mercantile uses or for tobacco storage, as well as having peculiar
adaptability for general manufacturing
purposes. The machinery embraces, besides the boiler and engine, a full complement of modern stove-making machinery, and is extensive enough to give
employment to at least fifty moulders.
It can be safely asserted that a spurtrack of the Southern Railway Company
can be brought to the front of this property for the mere asking, a rather unusual circumstance, as there is but a
limited amount of property in this city
to which a side-track can be gotten, and
it is an important factor in considering
the value and desirability of this property.
